

New roaster takes a bronze

This year's Equal Golden Bean Awards saw the largest number of entrants in the awards' history from more than a hundred coffee roasters across Australia. Competing against some well established brands, Velluto Nero gained a bronze medal award – just seven weeks after launch!!

Sisters and owners, Gina, Vicky & Aileen Young were ecstatic with the recognition of their hard work. Developing their Signature Blend (for which the award was won) was a long and thoughtful process. The team were dedicated to capturing 'pure perfection' by cupping extensive combinations of premium 100% Arabica, sustainable single origin and single estate coffees to create the blend.
